

PS Women is sponsoring a family from Shalom Bayit for Chanukah

Adopt-A-Family provides basic necessities, food, and Chanukah gifts and/or gift cards to battered women and their children facing the holidays alone. For abused women starting a new life, many having left their homes and possessions behind, Adopt-A-Family is an opportunity for hope and help in getting back on their feet.

Here is a little information about the family we are adopting:

Alison is a Jewish single mother of an elementary aged girl who needed to flee her marriage due to constant emotional abuse that was becoming physical. She also has two college age teenagers, a boy and a girl. Alison began to see her daughter becoming increasingly worried and upset, and left to help create a safe environment for them both. They are beginning to thrive emotionally, even through the financial strain of building a new life.
