

Once again, PS Women has adopted a family from Shalom Bayit to provide them with Chanukah Gifts.

Shalom Bayit was first contacted by Gail's mother who suspected that her daughter's marriage was abusive. At the time, Gail was living with her husband and her 14-year-old daughter from a previous relationship. Gail's mom received coaching from Shalom Bayit about how to approach her daughter with her concerns and gently suggest that she call our helpline.

Gail did call and was indeed experiencing extreme emotional, financial and physical abuse...way beyond what her mother had intuited. Our team provided Gail with counseling, safety planning, an emergency grant, and referrals to community resources and legal assistance. After careful preparation, Gail and her daughter fled one afternoon while her husband was napping and obtained a domestic violence restraining order. Gail and her daughter are now safe. Gail is applying for jobs, attending Shalom Bayit support groups, and working on healing from the abuse she suffered.

Gail and her daughter would greatly appreciate gift cards to Target and/or prepaid Visa cards this Chanukah.

You can either purchase the gift cards yourself, or send me money and I will purchase them. If you purchase a gift card, you can mail it to me or bring it to the Rosh Chodesh program on Nov 19th. If you would like to venmo money to me, please email me for details.
